Activity: ALUMNI MEET (HYBRID MODE)

- On 30th August, 2025, Sardar Patel College of Pharmacy organized an Alumni meet. The evening began with a **formal welcome ceremony**, where dignitaries, faculty members, and alumni were warmly greeted. The coordinators acknowledge the contributions of alumni and extend gratitude for their presence. Following the inaugural session, **Mr. Shital Patel** addressed the gathering. In his speech, he emphasized that alumni are the true strength of an institution, and their success stories inspire current students to dream big. He encouraged alumni to actively participate in institutional activities, including career guidance sessions, guest lectures, and collaborative research

One of the most memorable segments of the meet was the experience-sharing session. Alumni from diverse professional backgrounds, including academia, pharmaceutical industries, clinical research organizations, hospitals, and entrepreneurship, came forward to share their journeys. Some alumni narrated how their foundational learning at Sardar Patel College of Pharmacy had paved the way for their career success. Others expressed gratitude to their teachers for imparting not only technical knowledge but also discipline, ethics, and values that guided them in both their personal and professional lives. The alumni who joined online also actively participated through live discussions. Alumni from countries such as the USA, UK, Canada, Australia, and the Middle East expressed happiness at being virtually present despite geographical distances. Their contributions highlighted the global reach of the alumni network.

Over 100 students participated in the events, and among them, the best alumni were awarded with a memento. Jasmin Vekariya grabbed the best alumni award.

During the interactions, alumni suggested several constructive initiatives, including launching a **structured mentorship program** for current students. Establishing an **Alumni Scholarship Fund** to support meritorious students from economically weaker sections. Organizing **annual career fairs** with the support of alumni working in industries. Strengthening collaborations for **industrial training and internships**. Forming a **formal alumni association chapter** with global representation.
